THEY KNOW A GOOD THING WHEN THEY SEE ONE!

The active and enterprising members of the Mountain Club of East Africa have been quick to appreciate the merits of "B-P" climbing nails. Several have ordered "B-P"s to be sent to them, quickly, by air—and never mind the expense!—and then gone on to use them on Mts. Kenya, Baker, Stanley, or Speke.

All climbing equipment is important, but NAILS are the prime link between man and mountain. We make "B-P" Nails **up** to a standard—not down to a price, but they are still economical in the long run.

Do **you**, too, know a good thing when you see one?
