

OBITUARY.

MRS. BERTHA MAY.

Bertha May died in July, 1955. She was an original member and wife of the founder of our Club.

Being always a lover of nature her early rambling days soon led her to the hills and she spent many holidays among the mountains at home and abroad. She loved the Alpine flowers.

Owing to a long illness our new members have not had the pleasure of knowing her but in our early days she was ever to the fore in organizing our social activities.

To know her was to admire and love her.

F. E. and D. WALLBANK.
